

## UNIVERSITY TEAM GOES TO LEBAION.

St. Louis Squad Journeys to Illinois To-day for Battle With McKendree.

## LOCAL MEN ARE HOPEFUL.

Delaney's Squad Is in Good Condition—Washington Simply Overwhelms the Dentals.

St. Louis University's football team will journey to Lebaion, Ill., to-day for the McKendree College game of that place. From all appearances, Delaney's men will have a good, hard struggle on their hands.

McKendree has a strong team this year—stronger than it has had for some seasons past. It has won its games, save the opening contest with High School—straight down the line. It is fully as heavy as St. Louis, if not heavier, and probably is as well conditioned an aggregation as can be found around these parts.

Delaney has worked his team into good shape of late, however. Condition is his strong point. If all his men have the form they seem to possess, they should be able to put up a strong struggle to-day.

Pechman was tried out a quarter yesterday. He took Caldwell's place in this position. He has been playing at various points since the season opened, but did probably better here than at full back.

Lebanon, who is one of the students seen in the various dramatic productions each year by the university, has turned out for work and play full back on the substitute team. He has shown some reasonably good form in this position.

O'Flynn was being worked out at quarter for a time yesterday.

Washington University resumed its work at Sportsman's Park yesterday afternoon, and went through some practice with the Marion-Sims Dental College team. It was easy practice for Washington. In the first few moments about six touchdowns were scored.

The Dental's supply could not stand up against the attacks of the regular team. Quite a squad was out, in preparation for the game of Saturday, and it appears as if rather a strong team will be put out. Vanderbilt, or, rather, to Nashville, this week.

Heuman is out for work, and will, while somewhat out of condition, will round into trim shortly. He is a great advantage to the line, and has been holding his position well. Garsting has been doing good work for late, and Stille has been showing the best of form in catching the ball. He played a good, strong game yesterday.

Incidentally, Stille seems to be increasing in weight. He is somewhat light just at present, but with a few more pounds on him will make a good man anywhere in the back field.

Note of Smith Academy is still struggling around on one leg at Sportsman's Park. He gets out one day to watch the team at work, but that is about all he can do, as his limb is still stiff and sore.

Suand continues to do good work. His kicking is a distinct feature these days. In the last two afternoons his work in this respect has been notable.

One feature speaks well for the prospects of the Academy this year, and that is the interest in the game taken by the boys. In former years Smith Academy seldom had a second squad with which to practice. Now the second squad is made up of a good deal of strong material and is

numerically large enough to furnish unlimited good material.

Smith's chances certainly look excellent this year. Their game of Saturday will probably be a turning point in the interscholastic.

## GOSSIP OF THE QUARTER STRETCH.

Johnnie Ryan a King Pin Among the Bettors at Latonia.

Returning sojourners from Latonia say that Johnnie Ryan is the king pin of the players at the Cincinnati track. Ryan is credited with having the usual run of luck. It is said that the meeting is a splendid one from a betting point of view. Many big winners are on the ground and try to break the books in every race.

Secretary Hachmeister of the Fair Association and Doctor E. J. Neville have gone to the country south of Yellowstone Park on a hunting trip after big game. They expect to be gone for a month. Doctor Neville is a famous hunter, but it is Mr. Hachmeister's best bet to get the bear and mountain lion. Doctor Neville expects to have much amusement with the racing secretary.

Talk of a race track was between John Condon and Ed Corrigan in Chicago, seems less credible when it appears that Corrigan is in Chicago, Carmody in St. Louis and the Independent winter tracks might make a success of a racing organization of their own.

Kid Rodgers, one of the most famous and successful of the "Boy Wonders" of the turf, is in St. Louis on his way to San Francisco, Cal. Mr. Rodgers is seeking a traveling companion to the westward journey, which is tedious indeed when made alone. It is of Rogers that they tell the story of his finding \$10,000 in a suitcase.

Phil Hollinger, George Brinich and Thomas Connors, St. Louis bookmakers, have departed for San Francisco. Hollinger, who was one of the best winners at the Fair Grounds and local meetings, will make the book while the others will assist. Brinich had excellent success at the local meetings, looking in connection with J. D. Sippy.

Starter Fitzgerald has been looking at Mr. Cassidy's start horses at Aqueduct, and has resolved to try the plan of having the fields come to the barrier moving, and Mr. Cassidy is being given credit for inventing the system. This is scarce fair to Starter Fitzgerald, who was the originator of the plan, at least, as the last five years are concerned. There are five starters in America. At the head of the class stands A. B. Dade, who starts at St. Louis.

The Cincinnati Enquirer says that the ring at Latonia is alive with touts who are sneak thieves of the meanest kind. They say that the gentleman bookmaker, Herman Hoffman, quit \$10,000 loser at St. Louis this year. Those who know Hoffman will regret to learn this, but it will be a lesson to him. Hoffman is a man who could very easily have lost ten times that amount and not feel crippled. Mr. Hoffman is a man who is in St. Louis during the coming winter.

The Jockey Club has decided to come down hard on the "doping" of horses. Next year there will be an official veterinarian on each track, and every suspicious case will be vigorously investigated. Where "doping" is shown horse, owner and trainer will be dealt with severely.

The first offender will be made an example of. Then will follow even a more severe punishment. The Jockey Club has decided to come down hard on the "doping" of horses. blood have suffered a weakness as a result of "doping."

There is no doubt that the crusade against doping, which has been going on for some time, is bound to attract widespread attention, both here and abroad.

## DAN PATCH BREAKS LAST REMAINING PACING RECORD.

Goos a Mile on a Half-Mile Track in 2:03 1-4 at a Half-Mile Conditions All Favorable.

Birmingham, Ala., Nov. 10.—Dan Patch paced a mile on a half-mile track here this afternoon in 2:03 1-4, lowering the only world record for paces outstanding against him. The record previous to this was 2:03 3-4, held by Prince Albert.

Coleman, the runner that paced Dan Patch, faltered on the turn just before entering the stretch, and for this Dan Patch was able to make the mile in less than 2:02. The official time by quarters was 30 1-2, 1:01, 1:23 1-2, 1:45 1-2.

With the exception of a slight breeze blowing down the stretch, the weather was ideal. The track was hard and fast.

HAYWARD HITS THE BEST.

Goos 600, at 30 to 1, Was Second in Mile and One-Half at Latonia.

Cincinnati, O., Nov. 10.—The mile and one-half was the feature at Latonia to-day. It was an exciting affair throughout and was won by Hayward Hunter, the favorite. He got off last and ran around his field and was going away from the others at the finish.

Jockey S. Bonner, the best at the track, has been suspended for making a practice of cutting across the field in nearly every race in which he rides. Favorites won four out of the six events.

Track fast, weather pleasant.
